

Figure 1 is a 12x8 grid of circles. The columns are numbered 1 to 12 at the bottom, and the rows are labeled A to H on the left. A color bar on the right indicates values from -0.7 (dark blue) to 0.75 (dark red). The grid contains various colored circles, some with letters 'A' or 'I', and some with an 'X' and the letter 'N'. The colors represent values from the color bar.
