

Expression

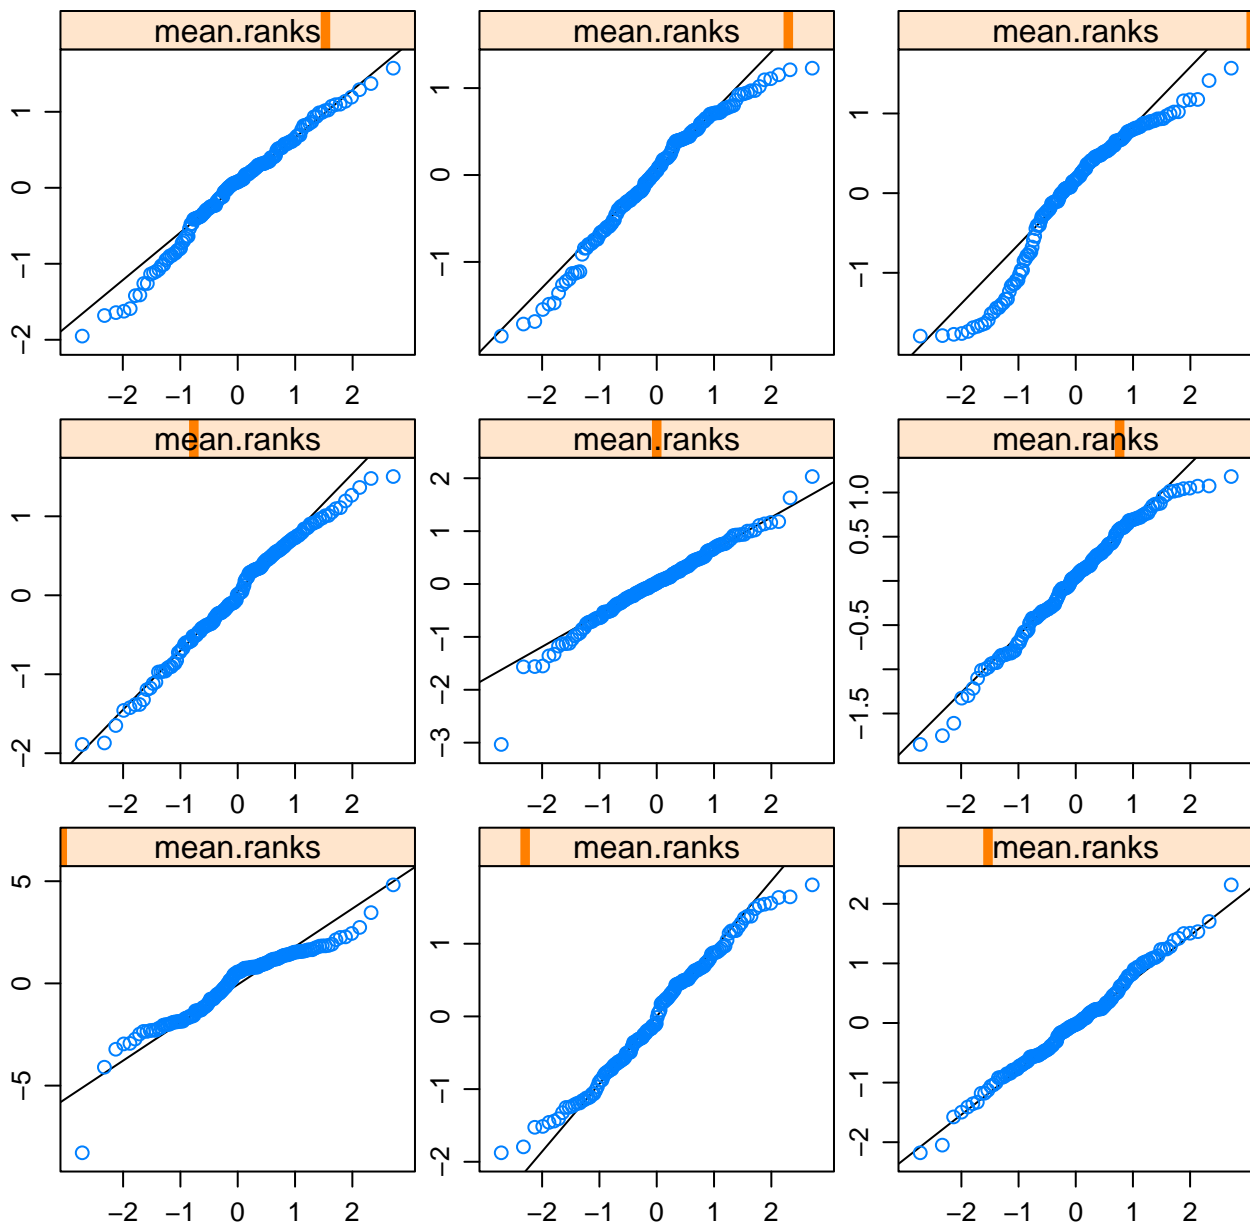

Quantiles of fitted Gamma distribution

log Expression centered at 0

Quantiles of Normal $N(0, 0.081)$

Standardized log Expression

Quantiles of Standard Normal

Marginal Density of log Expressions from Fitted Model
Empirical Kernel Density of log Expressions

All Genes: 5000 genes

Marginal Density of log Expressions from Fitted Model
Empirical Kernel Density of log Expressions

All Genes: 5000 genes

Gene Specific Sample Variances

Marginal Density of log Expressions from Fitted Model
Empirical Kernel Density of log Expressions

All Genes: 5000 genes

Marginal Density of log Expressions from Fitted Model
Empirical Kernel Density of log Expressions

All Genes: 5000 genes
