

Figure 1 shows a 12x8 grid of circles representing a spatial distribution of values. The grid is labeled with letters A-H on the left and numbers 1-12 on the bottom. A color bar on the right indicates values from -0.7 (dark blue) to 0.75 (dark red). The grid contains various colored circles (blue, orange, red, grey) and some circles are marked with an 'X'.

	1	2	3	4	5	6	7	8	9	10	11	12
