NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY
AND IEEE COMPUTER SOCIETY COSPONSORS OF THE

OPEN SYSTEMS ENVIRONMENT
IMPLEMENTORS' WORKSHOP (OIW)

October 7, 1994

Dear Open Systems Environment Implementors' Workshop (OIW) Participant:

It's time to register for the upcoming Workshop to be held December 12-16, 1994, at the National Institute of Standards and Technology, Gaithersburg, Maryland.

The Workshop continues to work on a suite of IPS profiles. Several will be progressed to Stable and some new ones will be considered for inclusion as Working Agreements. This work may become a candidate for inclusion in a future Federal Standard, Profiles for Open Systems Internetworking Technologies (POSIT).

The Conformance Testing SIG will continue work on Interoperability Testing methodologies. This is part of their newly expanded Charter program of work. Active participation of European Open Systems Workshop's (EWOS) Conformance Testing SIG is expected.

The Healthcare SIG is expanding its work into areas of Healthcare Information Infrastructure and the Electronic Commerce Study Group will be working on the next draft of their EDI Infrastructure Document.

CHANGE FROM PREVIOUS: **THERE WILL BE NO FRIDAY VOTING PLENARY IN DECEMBER 1994.**

The electronic ballot replaces the Friday Voting Plenary. Please sign up to vote electronically at the December 1994 OIW. Please see Teresa Bolton or Brenda Gray to review the voting rules.
